Natural Sciences Campus

Majors	Physics, Biology, Chemistry, Electronics, Engineering, SW, Architecture, Medicine, etc.
Highlights	Techno park in the mecca of IT industry lead by Samsung Electronics. Adjacent to the Hwaseong, a world heritage.

Key facts

We run 6 sessions a year. Each session is approximately 8-week long.

Terms	6 sessions/year
Course length	8 weeks/session
Hours	200 hours(5.2hrs/day*5day/wk*8wks)
Structure	Regular class + off-campus activity

► Why SLI?

- Our intensive, accelerated course leads to learning efficiency and high association between our course levels.
- Our short period of learning saves learners' living expense.
- Opening every 2 months, our program schedule flexibly fit in learners' plan.
- Completing all levels is expected to take only a year. (if beginners)

Program features

Our regular program is suitable for learners who aim to improve their Korean with cultural learning, prepare for degree programs in Korean universities, and seek a job which requires fluency in Korean.

Experiences

- Outstanding academic result
For our students' successful application and academic preparation, we provide a variety of chances of experiences. Each year, a number of our students are admitted to SKKU degree program and other renowned schools in the country.
- Cultural activities
For hand-on experience in culture and language, a cultural activity is provided once a session. Participation is mandatory.
- Optional supplement courses (varied by session)
We provide supplement course to guarantee our students' progress, including TOPIK practice, Supplementary, and Extra-advanced (Level 7 or higher).
- SLI video contest
All current students can get involved. Outstanding works will be selected and posted on the SNS.
- SLI buddy program
We match our learners with SKKU students for conversational and cultural exchange.
